Tagging fibre articles for the Sale - proper tagging necessary:

to identify the artist and ensure payment for items sold
to give the purchaser information on the article, type of fibre(s), and how to care for it
to allow our central cash system to work smoothly and properly.

ALL FIBRE ITEMS MUST HAVE A "STICKERED" GUILD TAG ATTACHED. You may *also* attach your own personal tag. In addition to the fibre and care information for the purchaser, the tag must also include:

your initials - four (4) initials consisting of the first three letters of your last name plus the first initial of your first name...ie. Barby Paulus is PAUB, Jane Doe is JOED

item number - as listed on your Fibre Sales Sheet

price - as listed on your Fibre Sales Sheet

a peelable white sticker - which should repeat **your initials, item number and price** - this sticker should be placed **overtop** your tag item number in the bottom right-hand corner and will be removed and retained by the cashiers when your item is sold -

- complete **sticker in ink** but include initials, number and price on the **guild tag in pencil** - the Standards Committee may request a price change or if your item doesn't sell this year, you can re-use the tag for it or a similar item next year
- items that have been juried previously should be noted with an asterisk (*) after the number on the fibre items sales sheet - items **may be submitted for three years** as is but after that try re-dyeing, embellishing, etc.

Participants are encouraged to submit a small item for the door prizes - pls note this on the Sales Sheet

Tags should have a doubled thread attached to the punched hole in the top. It should then be threaded through your item, in one corner, and tied off with a knot. **TAGS MUST NOT BE PINNED DIRECTLY TO THE ITEM** - it causes the tag to be ripped easily and is, frankly, tacky!
